Hiram Series

This year we independently developed several series of office chairs. This is one of our series.

The model is FK005. The chair is mainly based on the high-end materials of top luxury products such as Bentley, Fendi, BMW and other high-end materials combined with modern craftsmanship.

Hiram is derived from the Hebrew word "noble status". Through this design, I hope to tell you simply and frankly that this is a product that represents taste and value.

The pursuit of furniture including office chairs is embodied in three aspects: fashion, simplicity, and full of the atmosphere of the times.

Color options

Leather 3A soft cowhide leather with a very natural appearance. Available in 14 colors.

NXPU synthetic PU leather with a smooth, fine-pored surface, robust and easy ton. Available in 9 colors.

Hiram Series

Example: item number AL-1000 + metal suffix -PC = AL-1000-PC
